

A47 Blofield to North Burlingham dualling scheme – road closures

We are writing to inform you of upcoming construction works as part of the A47 Blofield to North Burlingham dualling scheme. These works will require a temporary overnight closure of a section of the A47.

Closure Details

- **Location:** Between the Yarmouth Road roundabout (Cucumber Lane, Brundall) and the Acle roundabout (New Road, Acle)
- **Date and Time:** From 8:00pm on Tuesday 6 January to 6:00am Thursday 8 January 2026

Please be advised that an additional day has now been incorporated into the planned road closure. This contingency has been introduced due to the potential for adverse weather conditions, which may extend the duration of the works beyond the originally scheduled night. A second night is therefore reserved as a precautionary measure and may not be required, depending on weather developments and progress on site.

Access Arrangements for North Burlingham

During the closure, overnight access to North Burlingham from the A47 will be restricted. However, access for residents, businesses, and visitors will be maintained via escorted entry at the following locations:

- **Dell Corner Lane junction with the A47**
- **Main Road western junction with the A47**

Upon arrival at either location, please press the button located within the framed sign. This will alert a traffic marshal who will respond promptly and escort you safely through the closure. Your safety remains our highest priority.

Further Assistance

Should you experience any difficulties accessing your property or business during the closure, please contact our Traffic Safety Supervisor on **07353 096928** for assistance. We recommend keeping this letter with you during the closure period in case access verification is required. We apologise for any inconvenience or disturbance caused and will make every effort to minimise disruption.

Contact Us
