Brundall Roundabout Improvements - Postponed

Norfolk County Council were due to commence improvement works in Brundall from Monday 10 November. However, due to current pressures on the surrounding road network, particularly in relation to the National Highways A47/A11 scheme, we have taken the decision to postpone these developer funded works until further notice.

The previously advertised full closures of Yarmouth Road and Cucumber Lane will therefore no longer be required at this time and all bus services through the village will continue to operate as normal.

The Brundall improvement scheme will be rescheduled later next year, once the county's new highway contract with Kier Transportation is in place.

Once delivered, the completed scheme will improve traffic flow and safety at the Brundall Roundabout.

We apologise for any inconvenience caused by the postponement.

Background to the project

These works are estimated to cost approximately £315,000 and are funded by a developer as part of conditions for planning.

Further information:

This work will be carried out by Norfolk County Council's Infrastructure Department and its contractors.

Contact and further information:

- Perry Toomey, Project Manager
- hps@norfolk.gov.uk
- Contractor: Tarmac
